

Viewing Board Information and Contacts

Periodically, you may have to contact eStaff or eAdmin at your own Board or at another Board that is hosting a course in which one of your students is enrolled. Sometimes, you may also have to locate information on how to access courses or certain dates (such as orientation, course start, or final assessment).

To do so, please:

Go to [School Board – Board Information – Filter By School Board](#) and select the appropriate Board.

Here you will find information on:

- **Technical information:**
 - vLE URL
 - log in credential conventions

- **Contact information for:**
 - DeLCs
 - eRegistrars
 - eAdmin

- **Dates for:**
 - course start and end dates
 - full disclosure dates
